## Stanley's REPELLENT CROW

## SPERGON

A seed protectant in powder form for treating seed before planting. Spergon protects seed from harmful fungi that are present in nearly all soils which tend to cause decay and damping-off, especially in cold wet weather. Spergon assures better germination of the seed and produces healthy plants that give better yield. It is noninjurious to humans and is easy to apply to the seed.

5	OX.	(12 to	opply to the seed.  Dealer Price Per Carton carton)\$ 3.60 carton) 7.20 carton) 8.00	Suggested Retail \$ .25 ea 1.00 ea 2:25 ea

## SPERGON - WETTABLE

Spergon-Wettable is an outstandingly effective dip for Crott Lily bulbs, for Sweet Potato Sprouts and Seed treatment and Potato Scab control. It is the most economical and effective control for Downy Mildew of Cabbage and Cantaloup Mildew. Also used as a soil treatment for Celery Seedbeds and for the control of turf diseases, such as Brown Patch and Dollar Spot.
